Introduction and Summary of FY98 Statistics

The 1997-1998 edition of Iowa Public Library Statistics includes information on income, expenditures, collections, circulation, and other measures, including staff. Each section is arranged by size code, alphabetically by city. The totals and averages for each size code grouping are given immediately following the alphabetical listings. Totals and averages for all reporting libraries are given at the end of each section.

There are 521 libraries included in this publication. The *Table of Cities and Size Codes* lists the libraries alphabetically and gives their size codes. The purpose of the table is to allow a user of this publication to locate information about a specific library.

The following table lists the size code designations, the population range in each size code, the number of libraries reporting in each size code, and the total population of the reporting libraries in each size code. The total population of the 521 libraries is 2,054,175. Population data is used to determine per capita figures used throughout the publication.

Size	Population Range	Number	Total Population
A	Less than 500	129	42,340
B	500-999	132	97,372
C	1,000-2,499	139	212,258
D	2,500-4,999	49	176,074
E	5,000-9,999	37	258,951
F	10,000-24,999	13	204,389
G	25,000-49,999	9	284,960
H	More than 50,000	8	720,617
I	County library	3	57,214

Library size codes are based on the jurisdiction population of the city, i.e. the population of the city which the library was established to serve. Population figures are from the 1990 U.S. Census.

A county by county study is also included in this publication.

Public library statistics are used at the local, regional, state, and national levels to compare library performance, justify budget requests, track library data over time, assist in planning and evaluation, and provide valuable information for grants and other library programs.

Each of the 50 states collects public library information according to guidelines established by the Federal State Cooperative System for public library data (FSCS). The information contained in the Iowa Public Library Statistics is based on definitions approved by FSCS. Iowa received the Kepple award from FSCS for timely and accurate data in FY98.

FSCS also provides state-by-state rankings for public libraries. According to the most recent data, Iowa public libraries rank as follows in comparison with other states:

Total income-31	Circulation-10
Salaries-27	Library visits-9
Books/Serials-14	ILL/borrowed-20

The following table compares FY97 and FY98 data for Iowa libraries.

Category	FY97	FY98	% change
Income	76,493,241	74,902,875	-2.1
Expenditures	71,367,040	74,203,528	+4.0
Holdings	11,804,303	12,019,915	+1.8
Circulation	25,169,732	25,149,766	-0.1

The data elements and definitions used to collect the information included in the Iowa Public Library Statistics are included in the *Public Library General Information Survey* section at the end of the publication.

Circulation

The listings which follow are in alphabetical order by Size Code. Use the Table of Cities and Size Codes in the Introduction to locate a library. For definitions, see the Public Library General Information Survey section at the end of this document.

The Circulation section lists the number of times various types of library materials were checked out to library customers. The number of circulations per capita is also listed, as is the number of items loaned to other libraries and borrowed from other libraries. The turnover rate shows how many times, on average, each item in the collection was checked out.

STATE LIBRARY OF IOWA

1998 PUBLIC LIBRARY GENERAL INFORMATION SURVEY

(July 1, 1997-June 30, 1998)

Part I-General Information

Information in this section will be used to identify the library and to ensure that the data reported for the library is listed correctly in the Iowa Public Library Statistics. Enter data in boxes with double lines.

1.	City			1.
2.	County			2.
3.	Region		Note: Use two-character abbreviation only	3.
4.	Actual Name of Library			4.
5.	Library Director/Administrator			5.

Line 3 **REGION.** Use the two-character abbreviation only. Use the abbreviation for your region. CE=Central, EC=East Central, NC=North Central, NE=Northeast, NW=Northwest; SE=Southeast, SW=Southwest. If you are not sure in which region you are located, please call the State Library (1-800-248-4483) for help.

Line 4 **ACTUAL NAME OF LIBRARY.** Put the name of your library (for example: Carnegie-Stout Public Library).

Line 5 **LIBRARY DIRECTOR/ADMINISTRATOR.** This is the name of the person hired to be responsible for operating the library.

Part II-Staff

INCLUDE UNFILLED POSITIONS IF A SEARCH IS CURRENTLY UNDERWAY. INCLUDE ALL EMPLOYEES PAID BY THE LIBRARY.

		Positions by Number and FTE			
		A	B		
		Number of Staff in Position	Total FTE by Position		
6.	Paid Librarians			6.	
7.	All Other Paid Staff			7.	

Lines 6-7 **FULL-TIME EQUIVALENT EMPLOYEES.** Report figures as of the last day of the fiscal year. To ensure comparable data, 40 hours per week has been set as the measure of full-time employment for this survey. To compute full-time equivalents (FTE) of employees in any category, take the number of hours worked per week by all employees in that category and divide it by 40.

When figuring the Full-Time Equivalents (FTE), carry your figure to two decimal places, but no more than two. Examples: ABC Library has 2 librarians and 1 clerical employee. One librarian works 20 hours per week, the other works 6. Examples of Lines 6 -7 would look like this:

Line 6 **PAID LIBRARIANS.** 2 00.65 The 00.65 was the result of dividing 26 total hours by 40.

Persons with the title of librarian do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. Staff members are considered librarians if they do professional library work such as administration, reference, cataloging, or selection.

- Line 7 **ALL OTHER PAID STAFF.** 1 00.13 The 00.13 was arrived at by dividing 5 hours by 40.
This includes all other FTE employees paid from the reporting unit budget, including plant operations, security, and maintenance staff. For example, a clerical worker who works 5 hours per week is .13 FTE.

Levels of Education			
		Total FTE	
8.	Masters of Library Science		8.
9.	Other College Degree (2 or 4 year) (exclude #8)		9.
10.	High School Graduate (exclude #8 and #9)		10.

- Line 8-10 **LEVELS OF EDUCATION** Use the directions above (6-7) to compute full-time equivalents (FTE) for each level of education. FTE is reported only at the highest level of education completed and not included again for the other levels completed.

Volunteers			
11.	Number of Volunteers		11.
12.	Annual Total Number of Hours Worked by Volunteers		12.

- Line 11 **NUMBER OF VOLUNTEERS.** Report unpaid library workers. Do not include Green Thumb employees or employees paid by another agency.

Line 46 **VIDEO MATERIAL.** These are materials on which pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver or monitor.

Line 47 **COMPUTER APPLICATION SOFTWARE.** Includes procedures and associated documentation that instruct the computer to perform certain types of tasks, in contrast to the physical components or devices of a computer (hardware) (for example, WordPerfect, Paradox, Quattro Pro, etc.)

Line 48 **OTHER.** Include all materials not already reported, such as CD-ROM based information products (for example, electronic encyclopedias on CD-ROM), puzzles, art prints, vertical file subject heading (not individual items), filmstrips, etc.

Lines 49-55 **CIRCULATION TRANSACTION.** The total annual circulation of all library materials of all types, including renewals.

Note: Count all materials in all formats that are charged out for use outside the library. Count Interlibrary loan transactions only for items borrowed and checked out to customers. Do not include items checked out to another library. (Do not use circulation multipliers. For example, if a film is checked out and shown to 30 people, count 1 circulation, not 30. Do not report "automatic renewals" as circulation.) Report annual totals.

Line 50 **CIRCULATION OF CHILDREN'S BOOKS.** Children's books are those which are intended for use by persons age 14 and under regardless of the age of the person who checks out the book.

Line 56 **RECIPROCAL BORROWER.** A nonresident borrower with a valid library card from another library. Include only circulations to Iowa library patrons. Do not include circulations to patrons served by contracts with cities or counties. This is an annual total, but it may be based on a sample period survey. For a 1 week sample, multiply the sample period total by 52. (Reciprocal borrowers are those who would qualify as Open Access participants, even if their library is not an Open Access participant.)

Line 56a **RURAL CIRCULATION.** This is circulation of all types of materials to persons who are rural residents of your county. Also include those who have a valid card from another city but who actually live in the unincorporated area of the county.

Line 56b **CITY CIRCULATION.** This is circulation of all types of materials to those who actually live within the city limits of the city your library was established by ordinance to serve. Do not count here circulation to rural residents who have a library card from your city library.

Line 57-58 **INTERLIBRARY LOAN.** A transaction in which library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are not under the same administration. Include items loaned to or borrowed from the State Library or the Regional Library, including A/V. Report annual totals.

Line 59 **REGISTRATION.** Report the total number of people holding valid library cards as of July 1, 1997. (If your library does not now have an accurate method of counting registration, for purposes of consistency the State Library recommends using a 3 year registration period. Multiply the total number of patrons registered during the last fiscal year (1997-98) by 3 to get your estimated total number of library registrations.)

Lines 60-61 **REGISTERED BORROWERS.** Report the total number of registered borrowers added and withdrawn in FY 1998.

Line 62 **LIBRARY MATERIALS USE.** Report the total number of materials used in the library, but not checked out. This includes reference books, periodicals and all other library materials used within the library. Follow the instructions in the Output Measures manual, but conduct a one week sample. Multiply by 52 to calculate an annual total. Annual totals based on a daily count are

also acceptable.

Line 63 **TOTAL ANNUAL ATTENDANCE IN LIBRARY.** Report the total number of persons entering the library annually including persons attending activities, meetings, and those persons requiring no staff services. Follow the instructions in the Output Measures manual, but conduct a one week sample. Multiply by 52 to calculate an annual total, which is used by the national statistics project. Annual totals based on a daily count are also acceptable. This information is required annually for the national statistics project, FSCS.

Part VII-Output Measures

In collecting and reporting output measures, please follow the definitions and instructions provided in the Output Measures for Public Libraries, second edition, except the instructions concerning sample period. Use a one-week sample. Do not report annual figures in this section. If data is collected in two one-week periods, add the totals and divide by 2 to provide a one-week figure. In keeping with the recommendations of the Standards Committee, the State Library recommends that Output Measures surveys be conducted every 3 years. Report only the results of surveys conducted in the past year.

77.	Materials Delivered Within 30 Days (excluding #73-76)			77.

Line 64 **NUMBER OF REFERENCE TRANSACTIONS.** Definition: A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation or instruction in the use of one or more information sources by a member of the library staff. The term includes information and referral service. Information sources include printed and non-printed materials, Internet, FirstSearch, machine-readable databases, catalogs and other holdings, records, and through communication or referral, other libraries and institutions and persons both inside and outside the library. The request may come in person, by phone, by fax, mail, or by electronic mail from an adult, a young adult, or a child.

Do not count directional transactions or questions of rules or policies. Examples of directional transactions are "Where are the children's books?" and "I'm looking for a book with call number 612.3." An example of a question of rules or policies is "Are you open until 9:00 tonight?"

Note: If an actual count of reference transactions is unavailable, determine an annual estimate by counting reference transactions during a typical week in October and multiply the count by 52. A "typical week" is a time that is neither unusually busy or unusually slow. Avoid holiday times, vacation times for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours. Include seven consecutive calendar days, from Sunday through Saturday (or whenever the library is usually open.)

Line 65 **NUMBER OF REFERENCE TRANSACTIONS COMPLETED.** Report the number of reference questions completed in the same working day in which they were asked.

Line 72-77 **DOCUMENT DELIVERY.** This is a measure of how rapidly items are obtained which are not immediately available. "Document" in this sense means anything requested by a patron. In the Output Measures manual you will find instructions for how to count the delivery times. Delivery means any method used to fill the request, including interlibrary loan and reserves.

Part VIII-FSCS Statistics

These items are specifically formatted to be reported to the Federal State Cooperative System (FSCS) for Public Library Statistics

Number of Service Outlets			
78.	Central Library Facility		78.
79.	Branches		79.
80.	Bookmobile		80.
81.	Other Service Outlets		81.
Other FSCS			
82.	Total Number of Reference Transactions in 1997-98		82.
83.	FTE with ALA Accredited MLS		83.
84.	Total Number of Hours Open Each Week (Main Library)		84.
85.	Total Number of Hours Open Annually (Duplicated)		85.

86.	Total Circulation of All Materials Cataloged as "Children's"			86.
87.	Total Number of People Attending Library Programs for Children			87.
Note on #88: Regardless of the age of the participant				

Lines 78-81 **NUMBER OF SERVICE OUTLETS.** Use this section to report all service outlets as defined below. Service units that are **NOT OPEN TO THE PUBLIC** are **NOT** to be reported as public service outlets. Service must be provided on a regular basis throughout the year.

Line 78 **CENTRAL LIBRARY.** Enter the number of Central Libraries. A Central Library is the single unit library or the unit where the principal collections are kept and handled. Also called Main Library. Some county, multicounty and regional library systems may not have a main library. Some systems may have an administrative center which is separate from the principal collections and is not open to the public.

Line 79 **BRANCHES.** Enter the number of branch libraries. A branch library is an auxiliary unit of an Administrative Entity which has at least all of the following: (1) separate quarters, (2) an organized collection of library materials, (3) paid staff, and (4) regularly scheduled hours for opening to the public.

Line 80 **BOOKMOBILES.** These are trucks or vans specially equipped to carry books and other library materials; they serve as traveling branch libraries. Count the number of vehicles in use rather than the number of stops the vehicle makes.

Line 81 **OTHER SERVICE OUTLETS.** Enter the number of other service outlets. Examples are outlets in senior citizen centers, day care centers, jails, or other organizations or institutions with small and frequently changed collections of books and other library materials.

Line 82 **TOTAL NUMBER OF REFERENCE TRANSACTIONS.** See definition of reference transaction (Line 64). This total is obtained by multiplying the number of reference transactions in a sample period by the appropriate multiplier to arrive at an annual figure (i.e., if there were 100 transactions in a week, the total would be 100×52 , or 5200).

Line 83 **FTE with ALA ACCREDITED MLS** from an institution accredited at the time of graduation. FTE is Full Time Equivalent (Measure #6-7), ALA is the American Library Association, MLS is the Master of Library Science degree.

Line 84 **HOURS OPEN PER TYPICAL WEEK.** (Main Library) The total of hours open in a typical week.

Line 85 **TOTAL HOURS OPEN PER YEAR.** (Duplicated) Total annual public service hours for all outlets combined. If the library has no branches or bookmobiles, has the same hours year-round, and was not closed other than the regularly scheduled days and times, multiply the value given in #88 times 50 to determine the value for #89. For example, if the library was open 20 hours per week year-round and was not closed for construction or repairs, #88 is 20 and #89 is 1000. If the library had summer hours which were less or greater than winter hours, or has branches or bookmobiles, or was closed for repair or remodeling, one of the following scenarios may apply.

Report the sum of all public service hours for all library facilities (including bookmobiles) for the entire year. For bookmobiles, report only the hours in which the bookmobile is open to the public. Include only branches or bookmobiles which conform to the definitions in Line 83 or Line 84. Do not include hours for deposit collections or other similar service hours. Total annual hours should reflect any increase or decrease in hours during "summer hours." Subtract the total hours that the main library, bookmobiles, or branches were closed other than regularly scheduled days or hours. Line 89 is intended to report the exact number of hours your library was open last year. There are several possible scenarios. These are examples, for the purpose of illustration only:

SCENARIO ONE: The library is open the same number of hours year-round and was closed only for regularly scheduled days and times. Multiply hours open per week times 50 weeks.

In Scenario One, if the library is open 20 hours per week in Line 88, the value entered for Line 89 is 1,000 (20 hours x 50 weeks). This is the only scenario in which it is appropriate to use the multiplier of 50 weeks.

SCENARIO TWO: The library is open 25 hours per week in the winter and 20 hours per week in the summer. Winter hours last 40 weeks, summer hours last 12 weeks. The library was closed for 10 holidays and was also closed for remodeling for 3 weeks during the winter.

In Scenario Two, the following calculations would be made:

Hours Open -Multiply 25 (hours) x 40 (weeks) for winter hours = 1000 (a1)

-Multiply 20 (hours) x 12 (weeks) for summer hours = 240 (a2)

-Add a1 + a2 = 1240

Hours Closed -Calculate the number of holiday hours closed, for Scenario Two, let us use 10 (holidays) x 5 (hours) = 50 (b1)

-Calculate the number of hours closed for remodeling, multiply 3 (weeks) x 25 (hours) = 75 (b2)

-Add b1 + b2 = 125

Total -Subtract hours closed from hours open = 1115

SCENARIO THREE: The library has a main library, several branches, and a bookmobile. Using the methodology outlined in Scenario Two, the total hours for each outlet are calculated. Annual hours for each unit are added together to provide an annual total for all outlets.

Line 86 **TOTAL CIRCULATION OF MATERIALS CATALOGED AS "CHILDREN'S"**. The total circulation of all children's materials in all formats to all users, including renewals.

Line 87 **CHILDREN'S PROGRAM ATTENDANCE**. A count of the audience at all programs for which the primary audience is children. Include adults who attended children's programs. For Line 87 and Line 88, "children" are considered persons age 14 or under.

106. Operating expenditures for library materials in electronic format. How much money was spent for the items in question 107? For the most part, expenditures should be for the CD-ROMs, disks, or tapes. In some cases where a computer was included as part of the package (InfoTrac, for example), the cost of the entire product should be included. Estimates are acceptable for this question, and are actually encouraged. Don't include expenditures for the types of items that are excluded in question 107.

Operating expenditures for library materials in electronic format	\$
--	-----------

Official Definition: Report operating expenditures for materials considered part of the collection, whether purchased or leased, such as CD-ROMs, magnetic tapes, and magnetic discs, that are designed to be processed by a computer or similar machine. Examples are U.S. Census data tapes, locally-mounted databases, serials, and reference tools. Include operating expenditures for equipment when the cost is inseparably bundled into the price of the information service product. Exclude operating expenditures for library system software and microcomputer software used only by the library staff.

107. Operating expenditures for Electronic Access. Report only operating expenditures, not capital expenditures for new computer systems.

Operating expenditures for Electronic Access	\$
---	-----------

Official Definition: Report all operating expenditures from the library budget associated with access to electronic materials and services. Include computer hardware and software used to support library operations, whether purchased or leased, mainframe and microcomputer. Include expenditures for maintenance. Include expenditures for equipment used to run information service products when that expenditure can be separated from the price of the product. Report expenditures for services provided by national, regional and local bibliographic utilities, networks, consortia and commercial services. Report all fees and usage costs associated with such services as OCLC FirstSearch or electronic document delivery.
